Confidential Claim Retracted

Authorized by: SE

Date: 6/25/13

The Honorable Roland E. Johnson, Governor
Pueblo of Laguna
P. O. Box 194
Laguna, New Mexico 87026

Dear Governor Johnson:

Proposed Alignment of Access Road, Bernabe M. Montano Grant

Pursuant to my letter of September 30, 1977, we are furnishing you with aerial photographs taken at approximately 6,000' above ground elevation and at a scale of 1" = 500'. These photographs will present a much better identification of landmarks and their proximity and relativity to the proposed road alignment. It is our understanding that you will present these photographs of the proposed alignment to the Pueblo of Laguna Tribal Council and the Cattlemen's Association for their consideration and approval by resolution. We are preparing a resolution and will forward it to Mr. Reid Haltom for his approval. Upon Conoco's receipt of the approval of the proposed alignment, as shown on these photographs, the engineers can commence with the road design which will include a roadway centerline with the courses and distances. This is also necessary for the archaeological clearance. When the road design and final alignment has been completed we will furnish you with this information.

As we informed you at the meeting in Mr. Haltom's office on July 29th, we would prepare a draft of the Roadway Use Agreement, which we are presently doing. The approved alignment and road design will be an exhibit to the Agreement.

We would like to coordinate the preparation of the Roadway Use Agreement and the road design. Also, at such time as we have a preliminary draft of the Agreement we will furnish a copy to

you and Mr. Haltom for consideration. When the Roadway Use Agreement has been finalized by all parties, it is our understanding that final approval by resolution by the Pueblo of Laguna will be required.

Yours truly,

Wes Pokluda
District Landman
Albuquerque District
